

MISSOURI BOTANICAL GARDEN

CLASSES FOR
ADULTS • YOUTH & FAMILY

SPRING • SUMMER 2011
MARCH–AUGUST

Offered for a diversity of learners, from young explorers to budding enthusiasts to skilled gardeners, our courses have been expertly designed to educate, inspire and enrich. Most importantly, they are intended to strengthen the connections each of us has with the natural world and all its wonders. Come grow with us!

In 2011, the Garden will host a TREEmendous year of activities in celebration of the U.N. International Year of Forests. Check out our many tree-themed classes throughout this catalog, as noted by the .

ADULT CLASSES

GARDENING AND LANDSCAPING

ST. LOUIS GARDEN BLITZ: THE EDIBLE REVOLUTION

Presented by Missouri Botanical Garden & the Horticulture Co-op of Metro St. Louis

Saturday, February 19, 9 a.m. to 3 p.m., at the Missouri Botanical Garden
\$80 members; \$96 nonmembers

Keynote Presentation:

Designing a Kitchen Garden by Jennifer Bartley

The outdoor kitchen garden, or *potager*, is the new hearth of the home where we linger with friends or enjoy the solace of working alone, but always have something to nibble on as we gather flowers for the table, basil for the pasta, and heirloom greens for the salad. This is a practical and inspirational talk on how we can grow our own food... beautifully.

Jennifer Bartley shares her vision for borrowing design ideas from the grand edible gardens of France with an American twist so you can create your own ornamental and useful kitchen garden right outside the back door or even in your front yard.

9 to 10 a.m.

Shoenberg Theater

The Big “O”—Understanding Organics

Learn the theory and practice of vegetable gardening using organic methods.

10:30 to 11:15 a.m. AND 1 to 1:45 p.m.

Ridgway Visitor Center

Cheryl Rafert

It All Starts with a Seed: Successful Seed Starting Strategies

Winter is the perfect time to start planning and planting your edible garden. This session will cover how to start edible flower, herb and vegetable seeds and how to grow healthy seedlings indoors. Topics that will be discussed include when to start seeds, equipment and containers, seed treatments, light, temperature, soil, watering, caring for seedlings,

hardening off and transplanting, as well as some of the new and interesting edibles for your garden.

10:30 to 11:15 a.m.

Ridgway Visitor Center

Janis Kieft

Backyard Chickens—and You?

Are backyard chickens the right fit for your lifestyle? Learn the facts associated with raising and caring for backyard chickens and their beneficial relationship with your vegetable garden and compost pile! This entertaining session will illustrate how keeping small flocks is good for gardens, municipalities, education, and the local food movement.

10:30 to 11:15 a.m.

Ridgway Visitor Center

Patricia L. Foreman

The Incredible Edible Herb

Basil pesto, sage stuffing, mint tea—herbs are the signature ingredient in many dishes. In others, such as rosemary with lamb, they enhance the flavor of the dish. Herbs are easy to grow in the St. Louis climate, organic, and healthful. This presentation will examine herbs from garden to table.

10:30 to 11:15 a.m.

Kemper Center Classroom

Judy Harmon

Lunch & Learn: Chef in Your Garden

Use the ingredients from your edible garden to create a fresh and healthy feast for your dinner table! Avid gardener and personal chef Diana Smith will share recipes and ideas to make the most of your harvest.

11:30 a.m. to 1 p.m.

Spink Pavilion

Diana Smith

ST. LOUIS GARDEN BLITZ (CONTINUED)

Lunch & Learn: Food

Gardening Tricks of the Trade

Now is the perfect time to dream about next year's garden. Join Benjamin Hudson and learn what it takes to create and maintain a world-class vegetable garden. You will discover what cultivars perform best in our challenging Midwestern climate and how to get your garden producing earlier and later than your neighbors.

11:30 a.m. to 1 p.m.

Ridgway Visitor Center
Benjamin Hudson

Lunch & Learn: Using Repurposed Materials for the Edible Garden

Spruce up your backyard garden with repurposed materials from ReStore. Learn how to make cold frames, trellises, torches, and more at this fun and informative workshop.

11:30 a.m. to 1 p.m.

Ridgway Visitor Center
Eric Schwarz

Lunch & Learn: The Buzz on Bees: Beekeeping and Cooking with Nature's Sweetener

Learn a variety of dishes using honey and "bee" blown away with the flavor and variety you can create with this simple natural sweetener. Miranda Duschack will answer common questions as you sample treats made possible by these prolific pollinators!

11:30 a.m. to 1 p.m.

Kemper Center Classroom
Lana Shepek and Miranda Duschack

The Scoop on the Coop—the Details of Raising and Caring for Backyard Chickens

This session will relieve the fears of getting started with raising backyard chickens. Topic will include how and where to purchase chicks, preparing for the arrival of your chicks, sustainable shelter design, nutrition, health care, understanding the "culture" of chickens, and much more.

1 to 1:45 p.m.

Ridgway Visitor Center
Dr. Gordon C. Ballam and Bill Ruppert

The Dirt on Soil

Why does it matter if you have clay, sandy, or loamy soil? Teresa will explain this and other soil facts plus how to enhance your soil to make more nutrients available to your plants.

1 to 1:45 p.m.

Ridgway Visitor Center
Teresa Morris

The "Berry" Best Small Fruits: Strawberries, Blueberries, & Raspberries

This spring, grow your own flavorful fruits. Elizabeth will discuss when to plant, space requirements, plant care, harvesting practices, and the most common problems you will encounter.

1 to 1:45 p.m.

Ridgway Visitor Center
Elizabeth Wahle

Don't Kill Your Tomatoes!

Start your summer tomato season off right with good advice. Elizabeth Wahle shares what types of tomatoes are best, when to plant, what is the best spacing, how to harvest and what problems are the leading causes of death each year.

2:15 to 3 p.m.

Ridgway Visitor Center
Elizabeth Wahle

Preserving Your Harvest

Enjoy your harvest all winter long by learning the basics of canning (boiling water canning and pressure canning), dehydrating and freezing your favorite edibles. Plan on bringing home great recipes and detailed instructional handouts from Registered and Licensed Dietitian Mary Wissman, the MU Extension Specialist in food preservation.

2:15 to 3 p.m.

Kemper Center Classroom
Mary Wissman

Missouri's Wild Mushrooms: But Are They Edible?

Ever wish you knew if those mushrooms in your backyard are good to eat? Maxine will tell you about our most poisonous but also about Missouri's most common edibles—and there are many.

2:15 to 3 p.m.
Ridgway Visitor Center
Maxine Stone

The Wild Side: Native Edibles

Learn to identify some common wild edibles that you can find in Missouri. This class will include safety tips for foraging, helpful hints for collecting and preparing wild foods, and recipes. Prepare to take advantage of the first greens of spring!

2:15 to 3 p.m.
Ridgway Visitor Center
Catrina Adams

NATIVE PLANT SCHOOL (SNR)

Native Plant School is a year-round series of indoor/outdoor classes in the Whitmire Wildflower Garden at Shaw Nature Reserve. It covers various aspects of native landscaping. Please bring your questions, comments, drawings, and plant specimens, etc. Participation from the audience is encouraged. Classes are designed for adults only. Native Plant School at SNR is underwritten by Grow Native! and Wild Ones Natural Landscapers.

Native Landscaping Part 1: Planning and Design

Thursday, March 10 or Friday, March 11
1 to 4 p.m.

“BECOME A GREAT GARDENER” (GG)

Series for Beginning Gardeners

This brand-new series of classes is designed for beginners just getting into gardening. Join others as you get answers to those questions that you don't want to ask that “know-it-all” advanced gardener over the fence!

Perfect Planting (MBG)

How big do you really dig the hole? Where is the soil level? Why can't you plant when the soil is wet? Learn the answers to these and other questions to get your plants off to a good start when you put them in the ground.

Sunday, March 20

1 to 2 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Herbs in Containers (MBG)

Several colorful sage plants in a cheery red planter can add fragrance and color to your patio. Herbs are wonderful plants and well-suited to grow in containers. Get inspired to grow some of your own!

Sunday, April 3

1 to 3 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Multiply by Dividing—

Perennials (MBG)

The cheapest way to start a new flower bed is to divide your own plants or trade with a neighbor and get new varieties. Learn some of the best plants to multiply by dividing the roots, taking cuttings, and other easy techniques.

Sunday, March 20

2:30 to 3:30 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Native Plant Primer (MBG)

Can native plants combine well with your other plants? Yes, they can, and Cindy will give you many examples of both sun- and shade-tolerant plants that will grow great in your garden.

Sunday, April 3

2:30 to 3:30 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Designing with Perennials

and Annuals (MBG)

Many plants mentioned on TV design programs don't work for the St. Louis area. Learn some great annual and perennial color and texture combinations to make your garden look like a professional put it together.

Sunday, March 27

1 to 2 p.m.

\$14 members; \$17 nonmembers

Garden Room

Cindy Gilberg

Right Plant, Right Place (MBG)

You wouldn't feed a vegetarian a big juicy steak, so why would you put a water-loving plant in a dry area? It's common for beginners (and experienced gardeners) to put plants in the wrong spot. Learn some great plants that will be the right plant for the right place and ways to observe different conditions in your garden.

Sunday, April 10

1 to 2 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Feed Your Plants: Basics

of Fertilizing (MBG)

The garden centers have row upon row of fertilizers. How do you choose? Cindy will talk about what your plants need and how to apply it in simple language with both organic and non-organic fertilizer suggestions.

Sunday, March 27

2:30 to 3:30 p.m.

\$14 members; \$17 nonmembers

Garden Room

Cindy Gilberg

Natives for Butterflies

and Birds (MBG)

The garden is aflutter with wings of many creatures. Learn how to invite butterflies and birds into your garden by planting native plants for nectar, food, and homes.

Sunday, April 10

2:30 to 3:30 p.m.

\$14 members; \$17 nonmembers

Missouri Room

Cindy Gilberg

Vegetables 101 (MBG)

What do you need to start a vegetable garden? Benjamin will give you a great outline to get you on your way to grow your own fresh produce. Site location, local seed and plant sources, water, and fertilizing will be covered in this introductory course.

Sunday, April 17
1 to 2 p.m.
\$14 members; \$17 nonmembers
Kemper Classroom
Benjamin Hudson

Salad Gardening (MBG)

Sun, seed packets, and some nice soil and you can grow lettuces, spinach, and tasty Asian greens. Grow your own spring greens this spring and you will get another chance to grow them in fall as well.

Sunday, April 17
2:30 to 3:30 p.m.
\$14 members; \$17 nonmembers
Kemper Classroom
Benjamin Hudson

Salsa Gardening (MBG)

It's time to dance out to the Garden and grow some great vegetables. Benjamin will show you how to grow tomatoes, peppers, cilantro, and onions for your own fresh salsa this summer.

Sunday, May 15
1 to 2 p.m.
\$14 members; \$17 nonmembers
Kemper Classroom
Benjamin Hudson

GG: Save Time This Summer—Mulch Your Vegetables (MBG)

How can mulching save you time? If your plants are mulched, you will spend less time watering your vegetables and can help save your plants from diseases. Benjamin will explain it all in simple terms, introduce you to plastic mulches and other materials and give you some great handling tips.

Sunday, May 15
2:30 to 3:30 p.m.
\$14 members; \$17 nonmembers
Kemper Classroom
Benjamin Hudson

EDIBLE GARDENING**Extend Your Vegetable Season (MBG)**

Get a jump on your spring and summer with easy season extensions. Benjamin Hudson, fruit and vegetable specialist for the Garden's Kemper Center, will introduce you to cloches, row covers, cold frames, and more. Take a walk through Kemper Vegetable Garden and see ways to incorporate his techniques into your own vegetable garden and have the chance to ask questions.

Saturday, March 12
9 to 11 a.m.
\$25 members; \$30 nonmembers
Kemper Classroom
Benjamin Hudson

Grow Your Own Small Fruits (MBG)

Grow and harvest sweet strawberries, juicy grapes, tasty blueberries, and succulent blackberries in your own backyard. This class is designed to teach you the basics, including establishing plants, pruning, and common pests. Elizabeth Wahle will get you started with these small fruits, plus help you avoid common beginner mistakes.

Tuesday, March 15
7 to 9 p.m.

BOTANICAL HISTORY

History of the Missouri Botanical Garden: From England to St. Louis and the Worldwide Influences (MBG)

Take a fascinating tour of the history of the Missouri Botanical Garden. The tour starts with Henry Shaw's birth in Sheffield, England in 1800 and explores the reasons he came to St. Louis. The story continues with how he became a wealthy businessman who purchased land and opened his Garden to the public in 1859. You will hear how the Garden connects to historical happenings in the area including Chouteau Pond, Camp Jackson during the Civil War, and more. The tour will end in present day with a discussion of the Garden's role in protecting plants, people, and places close to home and around the world.

KEMPER CENTER FOR HOME GARDENING'S 20TH ANNIVERSARY—*Series for Advanced Gardeners*

To celebrate 20 years of great gardening advice and expertise, we've developed an in-depth series of classes for advanced gardeners.

Many of the original small trees, shrubs, and perennials planted in the Kemper Center gardens have proven to be outstanding performers and still look terrific today. Others in our normal course of testing were found wanting, so they were removed or replaced. Throughout this series, you'll benefit from our lessons learned while getting the low-down on plant performance and desirability for area gardens. Designed for gardeners with some knowledge of plants and scientific names, these classes will be quick-paced to cover as many species and cultivars as time will allow.

Join Garden horticulturists and other area top experts as we celebrate the Kemper Center's 20 years of gardening advice and great plants.

Designing Your Sustainable Landscape (MBG)

Improve your sustainable scorecard with tips from the area's plastic pot recycling leader and manager of the Kemper Center for Home Gardening, Dr. Steve Cline. You can improve your landscape by doing a simple soil test and using only what is needed for your area, planting adaptable plants in troublesome places, and choosing trees and shrubs that reduce your home's energy bill. Don't waste another dollar and begin this spring.

ARTS & CRAFTS

PHOTOGRAPHY

Basic Photography (MBG)

In this multi-session, hands-on course you will have the opportunity to develop the skills of a photographer and explore the functions of your camera. You will learn about composition, lighting, shutter speed, aperture (f-stops), depth of field, and terminology; all are crucial to taking exceptional pictures. The course will be appropriate for both novice and intermediate students. Participants should bring a 35mm camera (either film or digital) to the first session.

6 Wednesdays: March 23, 30; April 6, 13, 20, 27; field trip Sunday, April 10, 7 to 11 a.m.
7 to 9 p.m.

Scott Avetta

Daytime Basic

Photography (MBG)

Improve your photography skills by learning the key functions of your camera and how to use them to your advantage. Throughout this multi-session, hands-on session we will spend time on composition, lighting, aperture, shutter speed and ISO settings in the classroom and then apply them in the field. The course will be appropriate for both novice and intermediate students. Participants should bring a 35mm camera (either film or digital) to the classes.

5 Tuesdays: March 29; April 5, 12, 19, 26
9:30 a.m. to 12:30 p.m.

Understanding Exposure (MBG)

Learn how you and your camera see things differently. The human eye is capable of seeing a greater range of light than your camera. We will see how a camera meter reads a scene and how it can be fooled under certain circumstances. We will discover ways to compensate for light variation in a scene through simple camera adjustments in the field. Participants

should know the basic function of a 35mm (film or digital) camera system for this multi-session intermediate course. The use of a tripod is recommended.

Reduce, Reuse, Recycle: Restore Your Own

Furniture (MBG)

Where some people only see a piece of junk, others see possibility. In this class we'll discuss the basics of how to give an old piece of furniture a facelift: whether it's repairing broken legs or refinishing scratched surfaces, the experts will walk you through what you need to get started on breathing new life into old furniture to keep it out of the landfill! This program is supported by St. Louis Jefferson Solid Waste Management District.

OPEN HOUSES, TOURS, & SPECIAL EVENTS

TOURING GREEN BUILDINGS AND MORE!

Historically Sustainable:

Part I & II (MBG)

Have you heard about how “historically sustainable” St. Louis is? This city has an incredible building stock, and through historic preservation efforts, there are many examples of what homes used to look like and how people used to live in the city’s dense urban core. On this tour, we’ll explore several of the famous old homes and compare how homes use resources today. In Part I, themes of status symbols and neighborhood location will play an important role. In Part II, we’ll visit the Frank Lloyd Wright House to look closer at the role of the architect and how the house’s design can aid in resource conservation.

Part I: Saturday, February 19, 10:30 a.m. to 4 p.m.

Part II: Saturday, March 19, 10 a.m. to 2 p.m.

NATURE STUDY

Basics of Birding (MBG)

If you enjoy the outdoors and want to learn more about finding, observing, and identifying birds, this course is for you. Though primarily aimed at beginners, it can also be a refresher course for those who have had some experience. The four evening classes will be devoted mainly to learning the local birds, including songs and calls, as well as visual marks. Some time will also be spent discussing field guides, binoculars, organizations, and where to go birding around St. Louis. The field trips will visit two good areas with a great diversity of spring birds. Participants supply their own transportation and lunch and should expect hikes of up to two miles.

Designed for adults only. (Field trip dates are subject to change.)

Mondays, April 4, 11, 18, 25; 7 to 9 p.m.

Field trips on Sat. 4/16 and Sun. 5/1;
approximately 7 a.m. to 2 p.m.

HORTICULTURE FOR HEALTH AND WELL-BEING

At the Missouri Botanical Garden, we believe the quality of your life is directly related to the connection you have with the natural world. As a place of seasonal beauty and serene surroundings, the Garden provides a spectacular setting for moderate exercise and unique ways to manage the stresses in your life.

Roger Ulrich, one of the pioneers of research in this area, conducted an experiment in which hospital patients suffering and recovering from identical operations were more likely to recover quickly if they had a daily view of nature from their hospital beds.

Stay Strong, Stay Healthy:

For Seniors (MBG)

Enjoy the beauty of the Garden during this 9-week strength training program for seniors. Light weights will be used to increase strength and improve balance. Weather permitting, the program may take place outdoors in the Garden.

We Have a Lot of Growing to Do!

It all began with a seed. How do seeds get transported to new locations? Do all seeds look alike? In this class we will take a close-up view of seeds. You will help us plant some seeds and even take some seeds home.

Tuesday, March 1

Earthworms

Are you friends with any earthworms? Earthworms have a very important job. We will learn some cool earthworm facts and even take some home.

Tuesday, April 5

Babies at Shaw Nature Reserve

We will search for some of the babies that live here at Shaw Nature Reserve and we will learn how they survive.

Tuesday, May 3

Bed Bugs (BH)

For ages 3–6. Price includes one child and one adult.

6:30 to 8 p.m.

\$12 members; \$15 nonmembers per class

Lopata Learning Lab

Donna Dupske, Amy Hammann, and Adam Jaschek

Spiders

Don't be a "Miss Muffett" any more! Learning about these creatures of the night and their help to our world.

Friday, April 15

Butterflies

Settle your wings for the night with a story, games, and snack against the backdrop of the beautiful butterflies.

Friday, April 22

Camp Bugaloo (BH)

For ages 3–5. Small snacks and story time will complete the program. Price includes one child and one adult.

\$12 members; \$15 nonmembers per class

Lopata Learning Lab

Donna Dupske

Bugs

Train to become one of the staff as we practice insect "care" in the Play Bug Lab. Eat like a bug with common tools, and use the nets to catch a high flyer in the classroom.

Sunday, June 12, 1:30 to 3 p.m.

Wednesday, June 15, 9:30 to 11 a.m.

Blossoms

Calling all budding florists! Practice with plants and bouquets in the pretend greenhouse of the Butterfly House, then plant an alphabet in the boxes. Dig up the garden trinkets and match them together.

Sunday, July 10, 1:30 to 3 p.m.

Wednesday, July 13, 9:30 to 11 a.m.

Garden Buds (MBG)

Discover the amazing world of plants with your preschooler in Garden Buds! For ages 4–6. Price includes one child and one adult. Register for three or more Garden Buds classes, and your child will receive a free t-shirt and journal!

10 to 11:30 a.m.

\$14 members; \$18 nonmembers per class

Botanical Room

Kelly Wehrheim

Climbers & Creepers

Do plants move? They have roots, but they grow up, down, and all around to find the sunlight they need. Take home a creepy, crawly, climbing plant of your own!

Thursday, March 10

Cherry Blossom Time 

When the brave cherry blossom blooms, spring has surely sprung! Celebrate in Japanese style by making a *sakura* (cherry blossom) picture.

Thursday, March 24

Budding Buddies

A bud is a blanket around a baby flower or leaf. Let's find these fuzzy friends on our way to the Chinese Garden. We'll look for other signs of spring and you'll get a flower bud to brighten your room!

Thursday, April 7

Bloomin' Bulbs

Tulips, daffodils, crocus, and hyacinths! Join us as we learn the names of these spring treasures and how they grow. You'll take home a bloomin' bulb of your own.

Thursday, April 21

The Rainbow Garden

There are so many colors to discover in the Garden. We'll count how many colors we can find on our walk to the Iris Garden, which will be bursting with color!

Thursday, April 28

Swinging through the Rainforest

Who might be hanging from a banana plant? Discover which animals and plants live in the layers of the rainforest. Take home a rainforest plant to start your own jungle.

Thursday, May 19

Pitzman Summer

Saturdays (MBG)

For ages 4–6. Price includes one child and one adult. Register for three or more Pitzman Summer Saturday classes, and your child will receive a free t-shirt and journal!

10:30 a.m. to noon

\$16 members; \$18 nonmembers, per class

Beaumont Room

Pam Wentworth, Jan Erdman,
and Cathy Edmond

Maps and Mazes

We will follow a map to find our way to the Jennie Latzer Kaeser Memorial Maze and then climb to the top of the observatory for a “bird’s eye” view. Creating your own map or maze will be a part of the fun. This does include a rather long walk.

Saturday, June 18

A Rainbow of Paint

This class will allow you to capture your own interpretation of the beauty of the Garden. We will dabble with brushes and watercolor paints as we sit amid the Garden’s lush landscapes. You will each take your own matted art work home with you.

Saturday, June 25

Kids, Koi, and Lotus

This class combines two of our favorite Japanese classes to double your fun. The children will learn about carp (koi), as they observe them up close, and then stop to explore the beauty of the lotus flowers and their amazing seed pods. Each child will decorate a koi kite to take home.

Saturday, July 9

Exploring Bridges

Bridges help us get from here to there, and you will be surprised at just how many can be found here in the Garden. After noticing how they are constructed and the many different materials used to make them, you will get a chance to build some of your own. Each participant will have at least one to take home.

Saturday, July 16

The Butterfly Garden

Join us as we explore the butterfly garden at the Kemper Center, noticing the plants and flowers that are planted there to provide food and shelter for butterflies and their caterpillars. You will each get a flowering plant to take home and care for in your own garden.

Saturday, July 23

Leaf Creatures

This class is a take off on the popular children’s book, *Leaf Man*. After reading the book, we will walk through the Garden collecting a variety of leaves, which we will then use to make some leafy creatures of our own.

Saturday, July 30

AGES 6 AND OLDER

Budding Nature Artists

Workshop (MBG)

For ages 6–10 with an adult. Join us as we make a nature journal of your very own, then we'll take that journal into the Garden to explore and document your discoveries! You'll also plant a plant to take home so you can continue to make observations in your journal. Pricing includes one child and one adult.

Take a Shot! Kids**Photo Contest (SNR)**

Budding young photographers and nature lovers, ages 14 and under, are eligible to enter this photo contest that is co-sponsored by the Missouri Nature and Environmental Photographers (MoNEP) and Shaw Nature Reserve. The contest has four nature-related categories with three winners in each. All photos must be taken at Shaw Nature Reserve between April 1 and July 15 of 2011. For contest rules and entry form go to www.shawnature.org.

FAMILIES OF ALL AGES

CLASSES

Shaw Family Adventures (SNR)

For ages 3 and up with an accompanying adult. Cost is per child.

This program is supported by Maritz.

9:30 to 11:30 a.m.

\$1 members; \$2 nonmembers

Meet at Visitor Center

Karen Bryan, Katie Zimmer

Creek Stomp

Grab your creek shoes and come and explore Brush Creek with us. We will see what kind of critters are living in the creek. If the water level is high we will explore one of our ponds. Round trip hike will be around 3/4 mile.

Monday, June 13 OR Friday, July 1

Tree Cycle

Come and join us as we explore the cycle of a tree. We will follow it from a seed to a rotting log exploring seeds, and what they need to grow. A close look at parts of a tree will also be a part of this class. At the end of class you will have something to take home for your own yard.

Wednesday, June 15

Nature Explore Classroom

Project Day

What lives in the Nature Explore Classroom? Join us as we make the area inviting to the plants and animals that might live there.

Friday, June 17

Wolf Run Lake Exploration

Come with us as we use nets to explore in and around the water's edge at Wolf Run Lake. Sometimes fish, dragonflies, and turtles spend time there, so why shouldn't we?

Monday, June 20

Without Batteries

Adults, do you remember your favorite childhood activities? Most of them didn't require batteries like activities for kids today. Join us as we explore nature, the outdoors, and hands-on activities that don't need batteries.

Wednesday, June 22

Let's Go Green!

During class we will be investigating what objects can be reused and recycled. We will also be using our imaginations to make some cool new products.

Friday, June 24

Fairy Houses

Do fairies live at Shaw Nature Reserve? This program will be based on the children's book *Fairy Houses* by Tracy Kane. Come and construct your own miniature house for a fairy, troll, gnome or other creature that may live in the woods at the Reserve.

Monday, June 27

Missouri Critters at Shaw Nature Reserve

What critters live in your backyard? We will explore animals, their habitats, and unique characteristics. Would you make it as an animal? Join us and try your skills.

Wednesday, June 29

Green Parenting:

Summer Fun (MBG)

For parents. Looking for fun, green, ways to spend your summer days? Let the EarthWays staff make some suggestions for destinations and activities. We'll even do some hands-on experiments and activities ourselves that will be sure to shed some light on the subject! Pricing includes one adult and up to three accompanying children allowed. Must be ages 5 and older.

Saturday, June 11

10 to 11:30 a.m.

\$28 members; \$33 nonmembers

Garden Room

Kim Petzing

Green Parenting: Back to School (MBG)

For parents. Thinking about all those school supplies you need to purchase? Do you wish your child's school was doing more to be green? There may be more that you can do than you realize! Meet with EarthWays staff and others to discover a variety of ways you can make your student's year at school a green one! Pricing includes one adult and up to three accompanying children allowed. Must be ages 5 and older.

Sunday, August 7

1 to 2:30 p.m.

\$28 members; \$33 nonmembers

Commerce Bank Center for Science Education—Room 119

Kim Petzing

DROP-IN FAMILY ACTIVITIES

Great Green Adventures (MBG)

Sign up now or just drop-in to explore a special area of the Garden. For ages 6–12. Price includes one adult and up to three children.

10:30 to 11:30 a.m. or 1:30 to 2:30 p.m.

Members free with Garden admission; \$3

with Garden admission nonmembers

Doris I. Schnuck Children's Garden Ticket

Fort

Kelly Wehrheim

Early Bloomers (MBG)

We'll search for the first signs of spring as much of the Garden starts to wake up.

Saturday, March 19

Exploring the Chinese

Garden (MBG)

Tucked away from the main path, the Chinese Garden may be easy to pass by, but this special garden is well worth the stop.

Saturday, April 16

Missouri Native Shade

Garden (MBG)

In celebration of the U.N. Year of Forests, we'll learn about the plants of Missouri's forests and how to protect the remaining native ecosystem

Saturday, May 21

Symbolism in the Japanese

Garden (MBG)

Let's explore the plants and features of the Japanese Garden and find out their meaning.

Saturday, June 18

Incredible Insects (MBG)

What insects call the Garden home? We'll search for insects and spiders that make their home in the Garden.

Saturday, July 16

My Senses Tell Me... (MBG)

What do your senses tell you? Join us as we let our senses guide us on our walk.

Saturday, August 20

Naturally Crafty Saturdays (BH)

For ages 2–13.

10 a.m. to 12:30 p.m.

Included with Butterfly House admission

Lopata Learning Lab

Jessica Deering

Saturday, February 19—

Explore a world of flowers and flying insects through fun, hands-on crafts.

Saturday, April 2—

Can you craft bugs that are in disguise? We will show you how by using real examples from nature.

Bugaloo: Nature's Shapes and Colors (BH)

For ages 3–5. If you mix red, yellow, and blue with circles, squares, and triangles, you get a "naturally" good time.

Sunday, February 13

11 a.m. to 2 p.m.

Included with Butterfly House admission

Lopata Learning Lab

Donna Dupske, Chris Hartley

Buggin' Out for Earth Day (BH)

For ages 3–10. Learn recycling and conservation tips as you participate in games and activities

Saturday, April 23

11 a.m. to 2 p.m.

Included with Butterfly House admission

Lopata Learning Lab

Adam Jaschek and Amy Hammann

BUZZ: Edible Insects (BH)

Sample cooked insects and learn how insects are a common supplement to worldwide diets.

Sunday, April 3
11 a.m. to 2 p.m.

Included with Butterfly House admission
Lopata Learning Lab
Chris Hartley

BUZZ: Rotting Logs (BH)

For ages 7–13. Learn behaviors of decomposers in the forest as you participate in games and activities.

Saturday, August 13
11 a.m. to 2 p.m.

Included with Butterfly House admission
Lopata learning lab
Chris Hartley

Bug Hunt (BH)

For ages 2–13. Learn behaviors of insects in their natural habitats by being an insect. Transform yourself into an insect through games and activities, then step outside and see if you can beat our own native insects by capturing them with one of our own entomologists.

Saturday, July 30
11 a.m. to 2 p.m.

Included with Butterfly House admission
Lopata Learning Lab
Laura Chisholm

Pollinator Palooza—

Father’s Day (BH)

For ages 2–13. Discover how your world is affected by a simple bee and learn how you can help in this journey. Through games, demonstrations, and crafts learn who is a pollinator and how they work.

Sunday, June 19
11 a.m. to 2 p.m.

Included with Butterfly House admission
Lopata Learning Lab
Laura Chisholm

Discover Nature Families (SNR)

For families with children ages 3 and up. This program is offered in cooperation with the Missouri Department of Conservation. Drop in for a few minutes or half an hour.

9:30 a.m. to noon

Free with SNR admission

Meet at SNR Nature Explore Classroom
SNR volunteers

Signs of Spring

Join us for a scavenger hunt and search for signs of spring at Shaw Nature Reserve.

Saturday, May 21

Explore the Wetlands

Use nets to explore what lives in Shaw Nature Reserve’s wetlands.

Saturday, June 18

SPECIAL EVENTS

March Morpho Mania® (BH)

It’s “March Morpho Mania” at the Sophia M. Sachs Butterfly House! Big, bright blue morpho butterflies are our visitors’ favorite, and all month long visitors will be immersed among more than 3,000 of them inside the Tropical Conservatory. Don’t miss this dramatic sight while it lasts! Learn more about butterfly farms and where these tropical beauties are raised in Costa Rica.

March 1–31

9 a.m. to 4 p.m. daily; closed Mondays.

Tale Travelers (SNR)

Kids, gather your family, walking shoes, water bottle, and backpack for an adventure-filled day at the Shaw Nature Reserve! Listen to nature stories, create cool crafts, and explore the outdoors at “Tale Travelers.” Come for an hour or stay all afternoon. Activities are designed for children ages 4–12 but can be enjoyed by all. Cost is per child. Children 3 and under free.

Sunday, April 10
1 to 4 p.m.

\$4 members; \$5 nonmembers

Follow signs from Shaw Nature Reserve
Visitor Center

SNR staff and volunteers

TREEmendous Forest

Festival (MBG)

Celebrate National Arbor Day by experiencing and learning about the Missouri Botanical Garden's historic, state champion, and other significant trees. The weekend is full of expert-led tree tours, tree care demonstration clinics, hands-on workshops, and other festivities. Check out our many tree-themed classes throughout this catalog, as noted by the 

April 30 to May 1
9 to 4 p.m.

For more information visit www.mobot.org

Pollinator Week

Pollinators are often keystone species, meaning that they are critical to an ecosystem. The work of pollinators ensures full harvests of crops and contributes to healthy plants everywhere. Visit the Butterfly House, Shaw Nature Reserve, or the Missouri Botanical Garden during this week to see pollinators in action and celebrate all they do for planet Earth.

June 19–25

For more information visit www.mobot.org

SCOUT AND FAMILY OVERNIGHTS

Forestry Sleepover for

Boy Scouts (SNR)

Calling Boy Scouts! Are you interested in a unique opportunity to work towards your Forestry badge? Look no further. Come experience Shaw Nature Reserve overnight and learn about the tree layers in a forest. Scouts will draw, label, and learn to identify more than 15 native trees and plants and will explore how wildlife and humans use them. Find out how trees grow using tree rings. Learn about forest management and how to protect our forests; find out what is being done at Shaw Nature Reserve. Scouts will bed down for the night next to the prairie. Don't forget your tents! Scouts must be accompanied by an adult, one adult per 5 scouts required. Price is per person and includes dinner, late-night snack, and light continental breakfast.

Friday, March 18 to Saturday, March 19
5:30 p.m. to 11 am

\$45 per scout, \$35 per adult

Shaw Nature Reserve Visitor Center
MBG and SNR Staff

Forester Sleepover for

Webelo Scouts (MBG)

Calling all Webelo Scouts! Are you interested in a unique opportunity to earn your Forester badge? Look no further. Come experience the Garden overnight and learn about the tree layers in a forest. Scouts will draw, label, and learn to identify more than six native trees and plants and will explore how wildlife and humans use them. Find out how trees grow using

tree rings. Play a game to discover how the trees interact with nonliving things in order to grow. Scouts will bed down for the night amid the lush landscape of the Garden without tents. One scout leader/chaperone required for every five scouts. Price is per person and includes dinner, late-night snack, and light continental breakfast.

Saturday, March 26 to Sunday, March 27
5:30 p.m. to 8:30 a.m.

\$45 per scout, \$35 per adult

Linnean Plaza
MBG Staff

Get Moving: Night Sky

Sleepover for Junior

Girl Scouts (MBG)

Calling all Junior Girl Scouts to Get Moving! Come experience the Garden overnight for a Night Sky Sleepover. Juniors will take a nighttime trek through the Garden, viewing constellations, learning about natural light and actual light for plants both inside and out. Scouts will learn about light pollution and will create silhouettes. Activities are designed to align with Journeys Get Moving: Night Sky and It's Your Planet—Love It! Scouts will bed down for the night amid the lush landscapes of the Garden without tents. One scout leader/chaperone required for every five scouts. Price is per person and includes dinner, late-night snack, and light continental breakfast.

Saturday, April 23 to Sunday, April 24
5:30 p.m. to 8:30 a.m.

\$45 per scout, \$35 per adult

Linnean Plaza
MBG Staff

Hop, Leap, or Fly! Family Overnight (SNR)

For families with children ages 4–13. Come join us as we discover what critters hop, leap, or fly at Shaw Nature Reserve. We will investigate different habitats during the day and night using our senses. Live animals will be making an appearance! Activities begin in the evening and go through the following morning. There will be hikes, a craft, and hands-on educational activities. Breakfast is provided. Please bring one adult per child. Cost is per person.

Friday, March 11 to Saturday, March 12
6:30 p.m. to 10:30 a.m.

\$50 members; \$60 nonmembers
Dana Brown Overnight Center
Karen Bryan and Aileen Abbott

Let's Go Letterboxing: A Mother and Daughter Overnight (SNR)

For mothers and their daughters 7 years and older. Letterboxing combines hiking, treasure hunting, and creative expression into an activity that the whole family can enjoy. Join us as we seek out hidden letterboxes at the Nature Reserve, following clues and recording our discoveries in a personal journal that we make. Learn how to discover other letterboxes hidden throughout the United States. Friday evening we will make journals and learn about the sport. Saturday morning will be spent searching for “treasures.” Cost is per person.

Friday, April 1 to Saturday, April 2
6:30 p.m. to 11:30 a.m.

\$50 members; \$60 nonmembers

Lydia Toth

CALLING ALL TEACHERS!

Throughout the summer, the Garden offers teacher professional development workshops designed to increase your science content expertise, improve your practice, and strengthen the connections you and your students have with the natural world. Learn more at www.mobot.org/education.

Family Sleepovers: Exploring Nature at Night (MBG)

For families with children ages 6–12. Interested in a unique opportunity to explore the natural world at night? Look no further. Come experience the Garden overnight and learn about natural dyes that come from plants while personalizing your sleepover t-shirt. Your five senses come alive as you and your family explore why animals' eyes shine at night and why many of them have such keen hearing. Families will meet several of the Garden's trees blindfolded through the sense of touch by exploring textures of the bark. Discover the “scents”ible nature of plants and why their smell is so important in nature. Then we'll tantalize your taste buds with a late night snack of natural treats. Then bed down for the night amid the lush landscape of the Garden without tents. All children must be accompanied by an adult. Price is per person and includes dinner, late-night snack, and light continental breakfast.

Saturday, May 7 to Sunday, May 8
