SEASONS OF THE HEARTLAND:

*Celebrating 20 Years of Photography from **Midwest Living** Magazine*

There are many things that make the Midwest unique, but nothing weaves through the fabric of the region and its lifestyle more than the four distinct seasons.

In celebration of *Midwest Living's* 20th anniversary, the magazine—in partnership with Globe Pequot Press—will publish a coffee table book showcasing stunning and memorable landscape photography that has been featured in the pages of *Midwest Living* over the past twenty years.

Entitled *Seasons of the Heartland*, this timeless coffee table book will celebrate the joy and natural beauty of the region's varied and surprising landscape throughout the four seasons—from its vibrant cities and postcard-perfect towns to breathtaking vistas and natural wonders.

Through these images, viewers can stretch their imaginations with wonder and discovery as they share a new perspective of this unique region—through the lens of some of today's most talented photographers.

Midwest Living has put together a special photography exhibition featuring 20 of the most impactful images from the book. The collection will be available to select cultural partners across the region for display at no cost to the institution beginning in Spring 2008.

We invite you to join us in celebrating the unique features and spirit of the Midwest by showcasing this collection for a specified period of time.
